

XINPING YUAN

FSA, MAAA

Consulting Actuary

xinping.yuan@milliman.com

Current Responsibility

Xinping Yuan is an actuary with the Life Practice in Milliman's Seattle office. She joined the firm in 2022.

Professional Work Experience

Since joining Milliman, Xinping has supported various projects including non-guaranteed element adjustments for universal life products, expert witness, model validation of manual adjustments, cash-flow testing, and M&A.

Prior to joining Milliman, Xinping spent more than five years working on model build, development, and validation. She performed cash-flow testing, embedded value calculations, experience studies, economic capital, and ALM analysis on a wide range of life insurance and annuity products. In recent years, she has been responsible for asset modeling and assumption development.
